Introduction

This guide was designed to assist school leaders with creating and publishing a Contract Award Notice (CAN) for **School Meals** on the [eTenders](#) platform.

This document provides guidance for CANs for closing tenders between €50,000 and €750,000 that have been previously published on the [eTenders](#) platform, where at least one tender was received. It is recommended to create and publish your CAN only after the required standstill period has elapsed without any challenges.

If your estimated contract value falls in a different threshold, please see available guidance at the [School Meals pages](#) of the SPU website, following to the appropriate meal-type and contract value page.

PLEASE NOTE: This guide was designed for assisting the publication of School Meals tenders only and must not be used as guidance for tendering for any other goods or services.

Disclaimer: This guide is a supporting tool that was created based on the eTenders test environment with the aim to assist schools in publishing their CANs for their School Meals contracts and may not reflect the eTenders production environment with 100% of accuracy. The Schools Procurement Unit (SPU) has no authority over the eTenders platform. Each school remains the sole Contracting Authority and is therefore the sole responsible for the compliance and integrity of their procurement processes.

1. Enter Offline Results and carry out associated tasks

1.0. Log in to eTenders

Access www.etenders.gov.ie and log into your CAPC profile.

1.1. Task 1: Enter Offline Results

After conducting and concluding your Evaluation outside of the eTenders platform, click on the **'Enter Offline Results'** task, as shown in Figure 1.

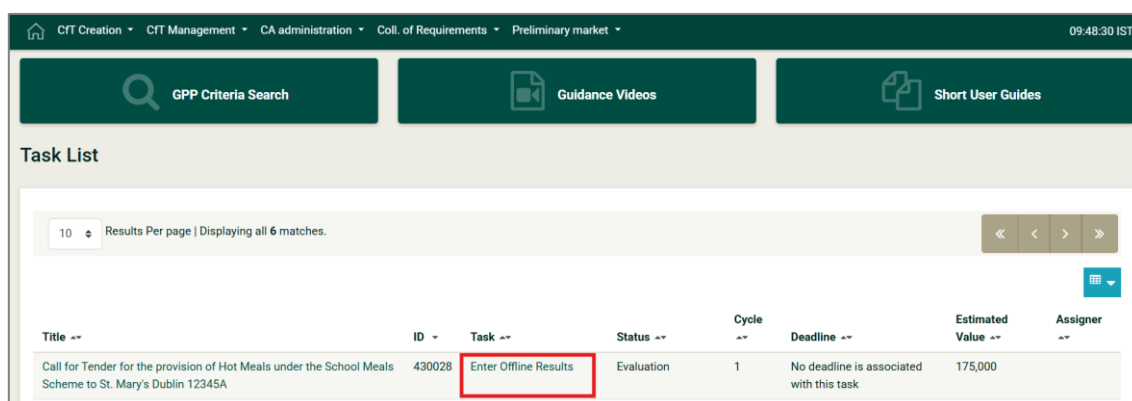

Figure 1

This will open a page called 'Offline evaluation results', as shown in Figure 2, where you can see the original uploaded files (yellow boxes), accompanied by fields for inserting scores ranging from 0 to 100 and indicating whether the tender was approved or rejected. If your CFT award criteria was based on a total of 1000 marks/scores, enter the percentage based on the system's 0-100 range. E.g. if a tenderer was awarded 850 out of 1000 marks, this means they have received 85% of the total marks. In this example, you would insert 85 (without the percentage sign [%]) in the 'Score' field, and select 'Approve' in the next one.

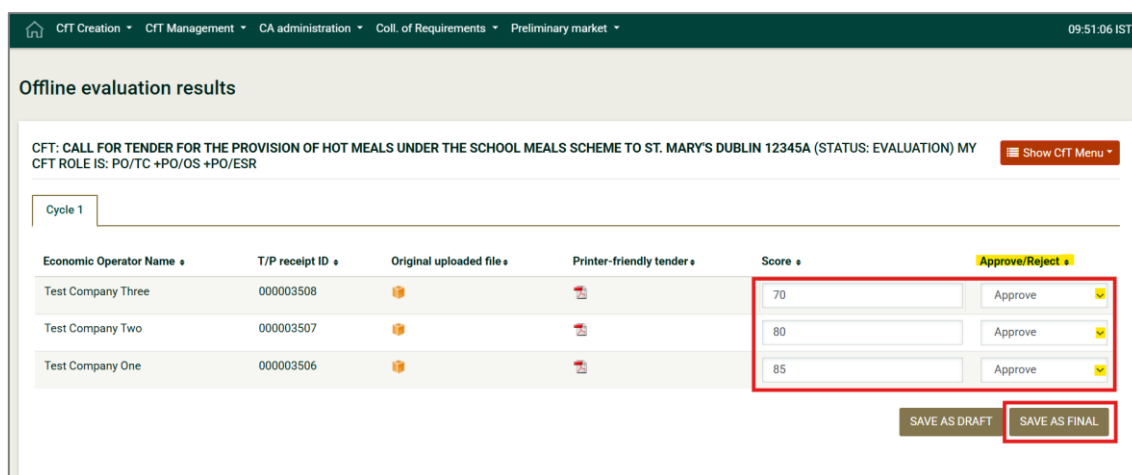

Figure 2

Please note: All valid tenders¹ must be marked as ‘Approve’. if any tenderer has failed any compliance check or failed to achieve minimum marks required, you must select ‘Reject’, instead of ‘Approve’. If the tenderer failed to achieve minimum marks required, insert marks accordingly. See Figure 3.

2.8. Validate and Save the eForm

Once the overall completion progress is at 100%, a new menu with a checkbox icon will appear to the left of the filter menu previously used. See Figure 72.

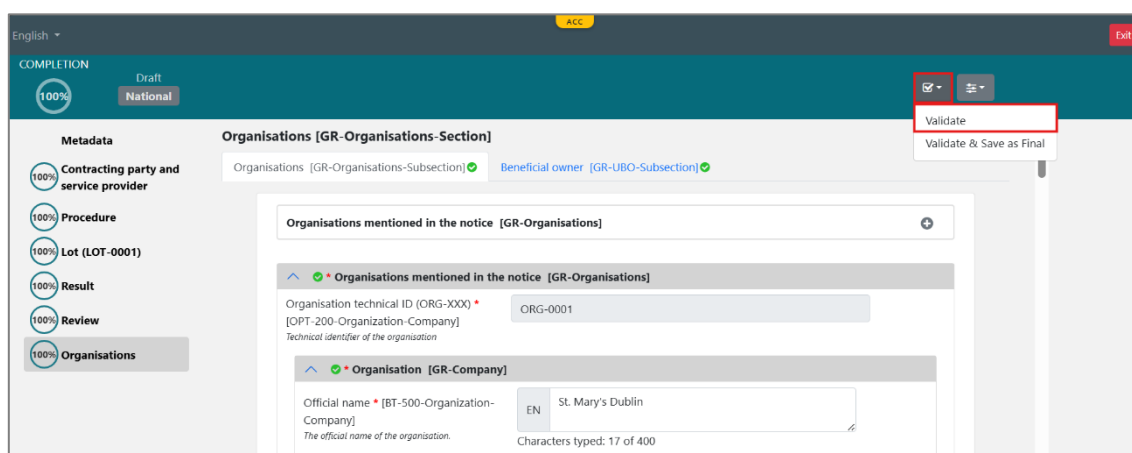

The screenshot shows a web application interface for creating a CAN. At the top, there's a 'COMPLETION' bar with a '100%' indicator and a 'Draft' button. Below this, a sidebar on the left lists various sections: 'Metadata', 'Contracting party and service provider', 'Procedure', 'Lot (LOT-0001)', 'Result', 'Review', and 'Organisations'. The 'Organisations' section is currently selected. The main area displays the 'Organisations [GR-Organisations-Section]' form. It includes fields for 'Organisations mentioned in the notice [GR-Organisations]', 'Organisation technical ID (ORG-XXX)', and 'Official name [BT-500-Organization-Company]'. A dropdown menu is open in the top right corner, showing 'Validate' and 'Validate & Save as Final' options. The 'Validate' option is highlighted with a red box.

Figure 72

First, click on **'Validate'** only, so the system can validate all values entered. The validation process will take a few seconds; you will be able to follow the progress by observing a blue line moving from left to right at the top of the page.

If all values were filled in correctly, you will see a 'Validation Results' pop-up in the top-middle of the screen showing the message **'Valid: true'**, and a green pop-up at the bottom-right corner informing that the form was successfully validated. Click **'Close'** at the bottom-right corner of the pop-up, as highlighted in Figure 73.

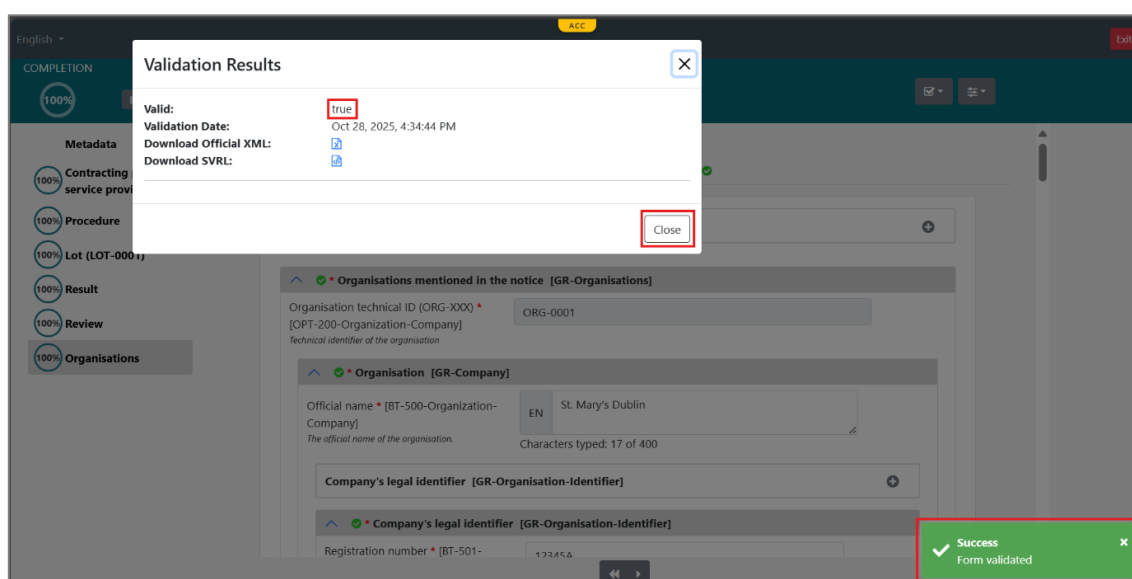

The screenshot shows the same eForm interface as Figure 72, but with a 'Validation Results' pop-up window open in the top-middle. The pop-up contains the following information: 'Valid: true', 'Validation Date: Oct 28, 2025, 4:34:44 PM', and 'Download Official XML:'. A 'Close' button is located at the bottom right of the pop-up and is highlighted with a red box. In the bottom right corner of the main form area, there is a green success message: 'Success Form validated', which is also highlighted with a red box.

Figure 73

Note: If the validation fails, the pop-up will show the message ‘Valid: false’ and will highlight the field(s) that require updating. Update the field(s) and click on ‘Validate’ again until you receive the message ‘Valid: true’.

Once the eForm status updates to ‘Validation successful’, return to the checkbox menu and select **‘Validate & Save as Final’** as shown in Figure 74.

The screenshot shows the 'Organisations [GR-Organisations-Section]' part of the eForm. The top navigation bar has a 'COMPLETION' status of 100% and a 'Draft' button. A 'Validation successful' message is displayed. A dropdown menu is open, showing 'Validate' and 'Validate & Save as Final' options. The form content includes fields for 'Organisation technical ID (ORG-XXX)' and 'Official name'.

Figure 74

The validation process will take a few seconds; you will be able to follow the progress by observing a blue line moving from left to right at the top of the page.

Once this process is concluded, the checkbox menu will disappear, a green pop-up at the bottom-right corner will inform that the form was successfully saved as FINAL. You can then click on the **‘Exit’** button, at the top-right corner shown in Figure 75.

The screenshot shows the 'Organisations [GR-Organisations-Section]' part of the eForm. The top navigation bar has a 'COMPLETION' status of 100% and a 'Final' button.
